

New Troponin Pathway

On **Tuesday 24th October 2023** at ~8am the Trust will be transitioning to a new troponin pathway.

There may be a short delay in troponin result turn-around time. Troponin results will be phoned during this time.

It is essential that the lab is aware of the time of sample collection - please ensure samples are marked as collected on Unity and/or write the time of collection on the sample.

The following options will be available on Unity to request:

st, MRS Pathadulfemalesandwell - A
 45 years NHS:
 01/04/1978 MRN:RXK830030
 Full Resuscitation Sex:Female

Search: troponin

Folder:

- Troponin I (0 hour)
- Troponin I (1 hour)
- Troponin I (3 hour)

For baseline / first troponin sample

To be requested at any time 1 - <2 hours post

To be requested at any time ≥2 - 3 hours post

Appropriate interpretation will be reported in Unity. Any patient that has not completed the testing on the old troponin pathway will be transitioned to the new pathway by the staff in the biochemistry laboratory.

If you have any questions, please contact the duty biochemist via x5162 or email:
