

# INTERNATIONAL FRAUD AWARENESS WEEK 2023

The NHS Counter Fraud Authority estimates that nearly £1.2 billion is lost annually to fraud within the NHS, diverting desperately needed funds away from patient care. To aid in the fight against fraud, we will be supporting International Fraud Awareness Week during November.

Our Counter Fraud team will be hosting several interactive sessions for staff to attend during the week, which will provide you with insight into current themes of fraud across the sector.
